

# KS1 Feedback Guidance

When we open our **Gmail**...

We love seeing your photographs.

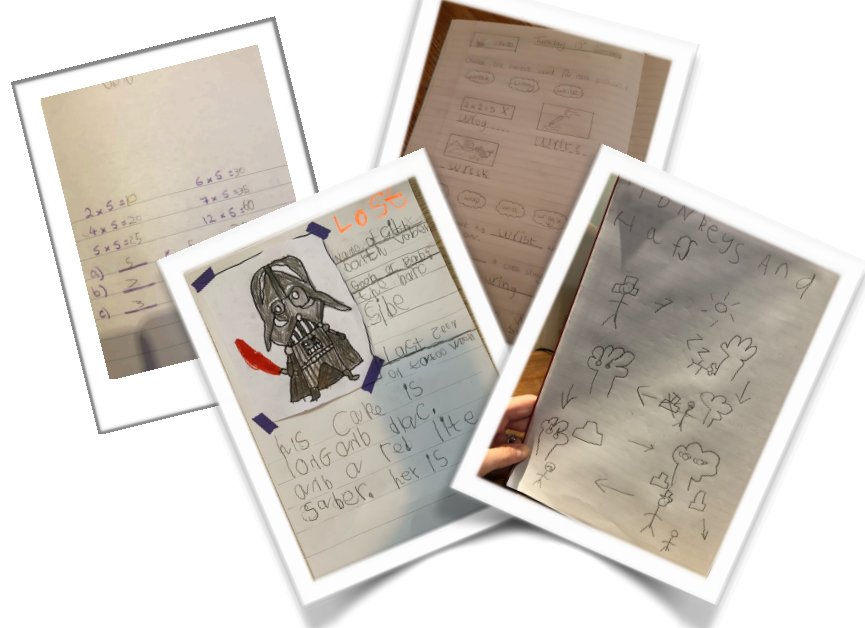

Your videos make us smile :)

We know that you are working super hard from the work that we have received.

We read all of your emails and we will always try to acknowledge your message with a response. Even if it is just a quick 'thank you'.

You can send emails everyday, every few days or just once a week.

We know how busy you are at home so share your child's learning at an appropriate time for you.

We will get back to you as soon as we can.

Please keep sending your photos, videos and any work you'd really like us to see.
