Thursday 26th March

Dear Parents,

Day 3 in the Onchan Hub and I'm starting to feel a little like the voice over on Big Brother!

Everything is going well again and, as we had the support from another of the MSR team, the children have all had some Games time outside in the sunshine. We really need to make the most of it while we can and hope that the sun is a sign of better things to come.

We have now been assigned additional cleaning staff after some chats with the Cleaning Manager so you can rest assured that they are all doing a phenomenal job keeping us all as safe as they can do. Team work really is being seen in so many different ways right now.

We are now in the routine of our sandwich lunch each day and the children have all got some "down time" with a member of the Ancillary teams to give them a break from us!

Tonight is show your appreciation for our incredible NHS staff at 8.00 pm by giving a round of applause outside your front door/ out of the window, let's all join in and also talk to our children about just how important each and every one of our Island community are at keeping things going right now.

It was lovely seeing some of you dropping off this morning. If you have any questions find me tomorrow and I will answer them as best I can. Enjoy your evening getting your children back.

Please stay safe and well.

Jo Richardson

Headteacher (Onchan) and Team B lead
