

Laxey Learners at Home this term (Further ideas to augment home-learning)

YEAR 4 / The Greatest Show

E-Mail: sarahgale@online.sch.im

Extension activities....

- Link to Year 4 resources in the resource bank <https://drive.google.com/drive/u/0/folders/1Gf01ep5kzDjQ2rle5xPFkk6FW8mzKIE0>
- Watch the Night Zookeeper videos (these can be found by following the above link) to help plan and write your own adventure story. Discussion points and resources can be found after watching each episode.
- Watch the homophones presentation in the resource bank. Complete the activities and have a go at making your own homophone poster with different word examples and pictures.
- Complete the Place Value Maths Mystery challenge in the resource bank.
- Practise your times tables by playing Mathopoly with a parent or sibling. Resources can be found in the resource bank.
- Have a go at making your own straw rockets with a human cannonball design: <https://buggyandbuddy.com/straw-rockets-with-free-rocket-template/>
- Research and design an outfit for a clown, include plenty of colour. Search how designers present their ideas on costume design and use what you have learned to present your final design.
- Design and make a marble run game (use Lego, card or any resources to hand).

Possible web-links

<https://radioblogging.net/>

An interactive radio programme where children can take part in creative writing tasks and listen to some of their favourite authors.

<https://www.bbc.co.uk/bitesize/tags/z63tt39/year-4-and-p5-lessons/1>

Daily English, Maths and Science lessons with activities and supporting worksheets.

<https://www.themathsfactor.com/>

Free maths lesson and resources

<https://whiterosemaths.com/homelearning/year-4/>

Home learning daily maths lessons with a Friday challenge for the end of each week.

<https://www.literacyshed.com/nightzoo.html>

Lots of creative writing questions related to each video of 'The Night Zookeeper'. You can find other stimulus for writing on here too.

<https://www.topmarks.co.uk/>

Tons of online games supporting Maths, English and Topic learning.

<https://www.theschoolrun.com>

A site offering some free worksheets and activities to support KS1 / KS2 English, Maths and Science.

<https://drchips.weebly.com/>

Study science, engineering and computing with Dr Chips. Work with an adult on these investigations.
