

## Laxey Learners at Home this term (Further ideas to augment home-learning)

### YEAR 6 / Changes

#### Extension activities....

- Watch the music video Titanium by David Guetta.  
<https://www.literacysshed.com/the-music-video-shed.html>  
Watch a few times and discuss the following questions: How does the boy change from the first scene to the last? What do you think happened to his family and what will the future hold for him? There are some challenges on this page, so choose some and share any of your writing with class members on google drive or even collaborate on a story. An extension could be to choose a favourite song and make your own music video, telling a story about change.
- \* Cooking is a great way to explore ratio and proportion. Try adjusting recipes to make different quantities. For example, work out the answer for this: 'A recipe uses 240g of oats to make 18 flapjacks. What quantity of oats is needed for 24 flapjacks?
- \* Trips to the shops (even online ones!) provide fantastic opportunities for exploring decimals and percentages. Find answers to questions like: How much will we spend if we buy 3 boxes of eggs that cost £1.80 each? What does each tin of tomatoes priced at 60p actually cost if there is a 3 for 2 special offer? What is the new price of a £3.40 book if there is 25% off? How much popcorn will we have if we buy a 500g bag and get 20% extra free?
- \* Watch this [land erosion video](#). How are communities being changed by nature? What are the main causes of land erosion in this news report? What can be done to stop erosion like this? How do people change the way they live to live in these communities? Complete the challenges in the Google folder to learn more about erosion.

#### Possible weblinks

- \* <https://www.literacysshed.com/the-music-video-shed.html> Music video literacy challenges.
- \* <https://bananagrams.com/blog/free-bananagrams-and-cobra-paw-activity-sheets> The Bananagrams Team has started publishing weekly word-based challenges on their website.
- \* <https://drive.google.com/drive/folders/1v9eFXiWI40zheGFKqtq618G1FH8GmjU7> Class 6 Google resource folder
- \* <https://www.topmarks.co.uk/> Maths and Spelling games
- \* <https://spellingframe.co.uk/> Spelling activities, games and quizzes based on our spelling list and spelling rules
- \* <https://www.bbc.co.uk/bitesize/topics/z6wwxnb> This site is great as there are lots of different lessons for our science unit - Animals, Including Humans.
- \* <https://www.natgeokids.com/uk/primary-resource/rosa-parks-primary-resource/> This site has lots of resources for those who want to research popular topics. For instance, this link takes you to Rosa Parks, who helped to "CHANGE" civil rights. Maybe a fact file or comparing her life to Martin Luther King Jr. or Nelson Mandela. How could one simple action change societies values?
- \* <https://authorfy.com/10minutechallenges/> This site has fun challenges set by famous authors and illustrators along with other resources for writing.
- \* <https://whiterosemaths.com/homelearning/year-6/> have daily lessons and are currently revisiting work we have completed on fractions.
