

# Our refreshed home-learning offer...

...building on  
feedback from  
parents

## Telephone communication

08

The school has made telephone contact with all families to keep them updated with our home-learning offer and to check on the progress of our pupils.

## Increased access to teachers

Teachers have now been given access to Google accounts to receive work from pupils and provide feedback / guidance on their learning

## Resource bank archive

We have now added a "one-stop shop" on the website for each year group where you will find a plethora of worksheets, weblinks and videos to support homelearning.

## Parent feedback

The school has taken into account parent feedback which has enabled us to modify our home-learning offer in several respects.

## Well-being and pastoral offer

07

Laxey School has produced guidance for families on our home-learning package and how to manage expectations. Our teachers have also maintained written contact via letters to all pupils.

## Online platform

05

Laxey School has enabled access to the Oak National Online Classroom and a link to this portal now sits on the landing page for each year group on the school website. Here you can access **DAILY VIDEO LESSONS** linked to your child's year group

## Website re-design

03

Parents advised us that they couldn't always find our home-learning sheets and resources on the website. A full re-design of this section of the website has now been undertaken to address this.

## Existing home-learning offer

01

Laxey Learners At Home sheets, letters to children, weblinks and resources available through our school website. Made available on the first day of school closure in March and regularly updated throughout #lockdown.
